You can add new , edit , delete tasks information

[At Assign Facilities tab :](#)

You can see select project name .Then users can be displayed.

You can assign different facilities to user like assigning project , add project facility ,add client facility ,assign project facility to user.

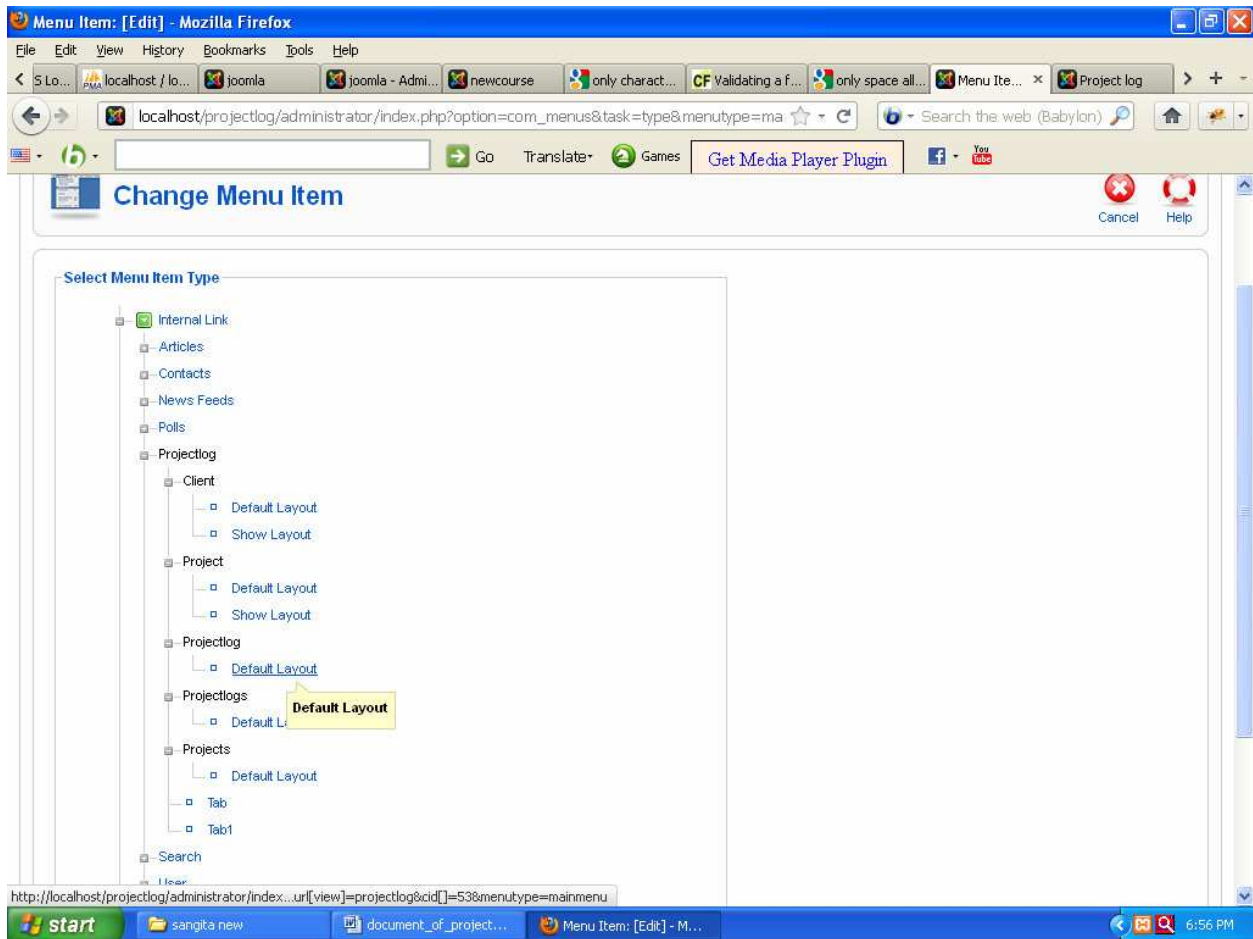

At Front End

You have to create front end menu for this component as

1> Project logs.

From backend create this menu.

For menu select projectlog ->projectlog -> Default Layout.

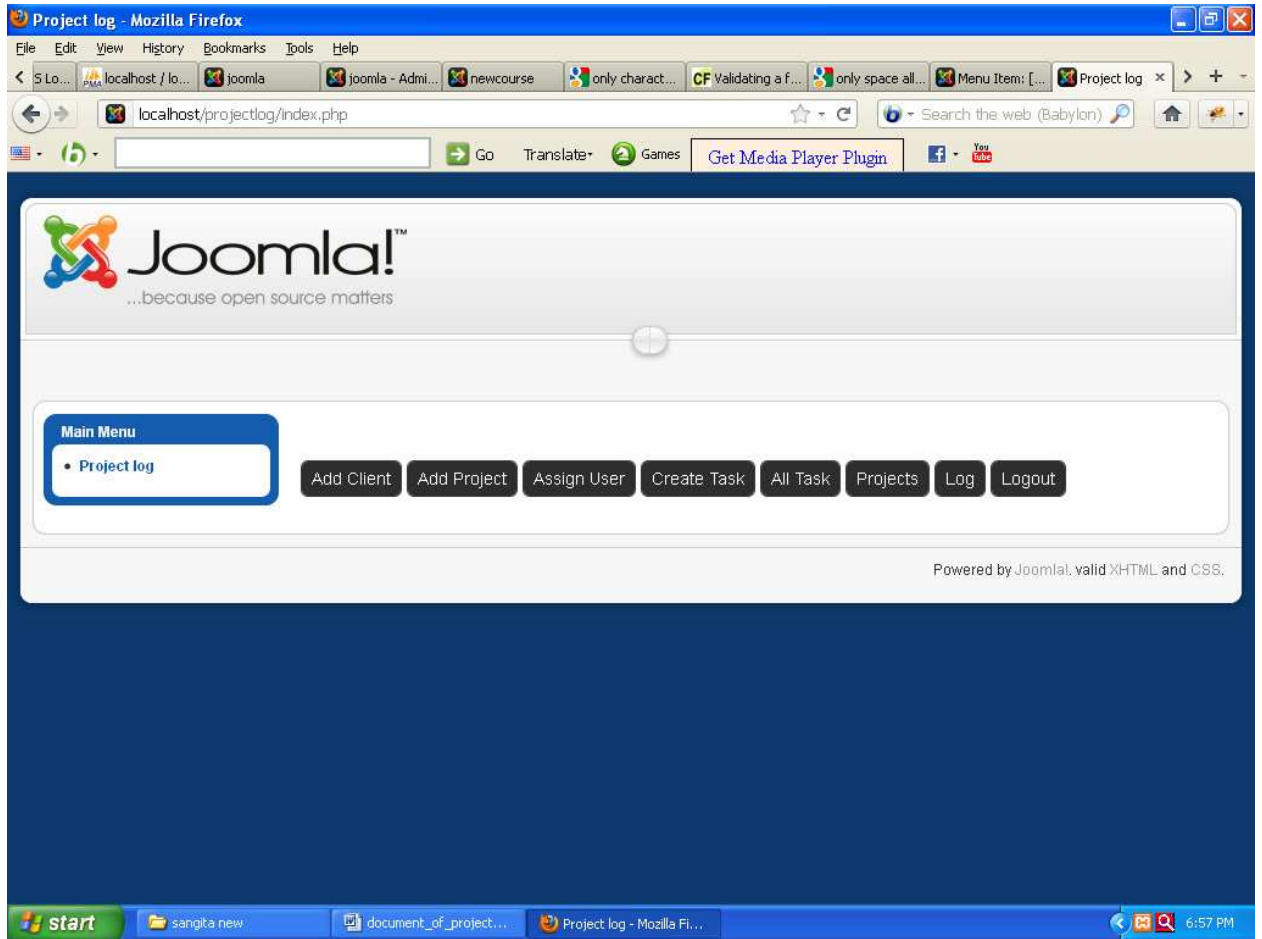

When clicked on This menu at front end ,You can see default layout.

It requires login .

After successfully login user can see different tabs.

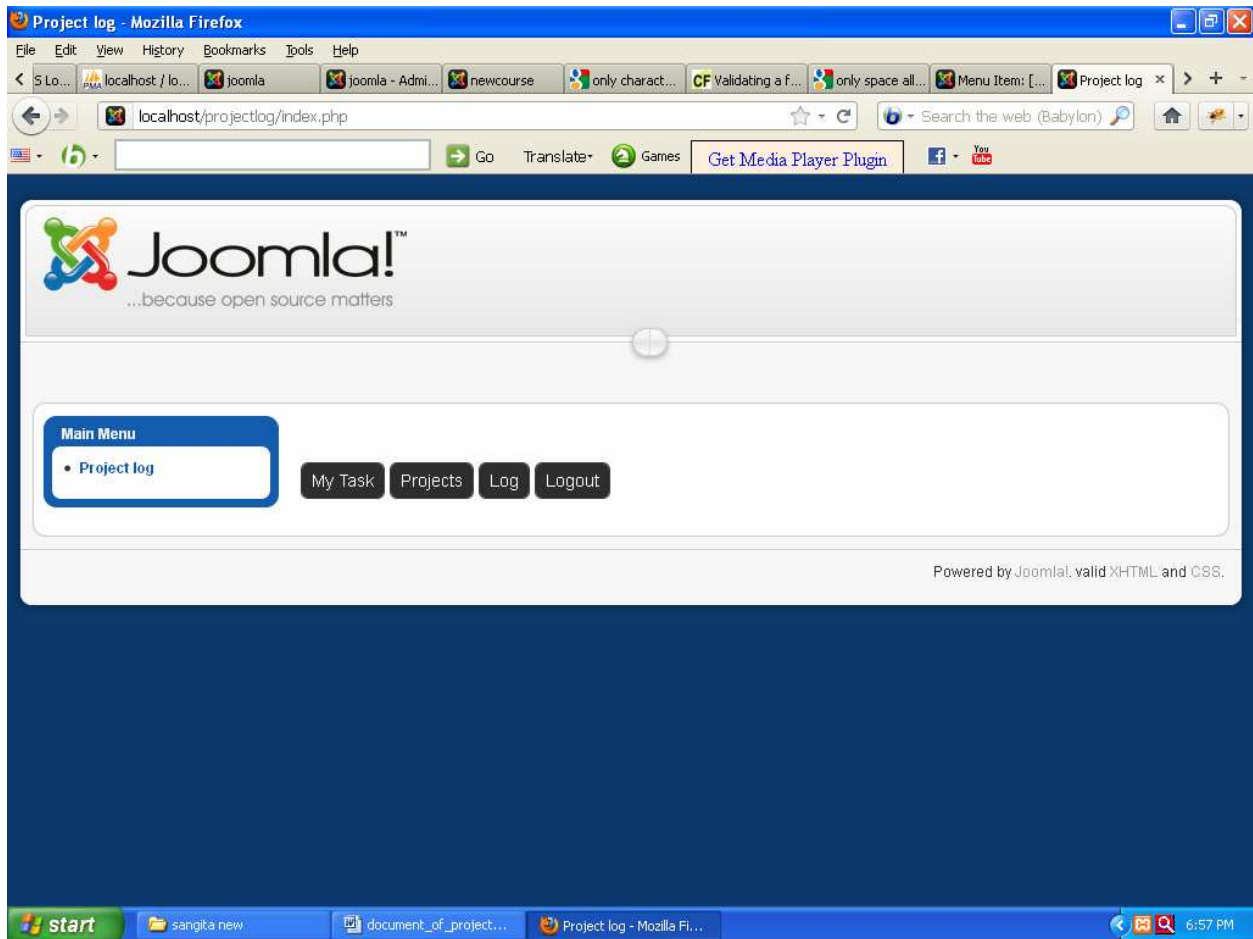

When admin login he can see following tabs.

For admin no 'my task' tab.

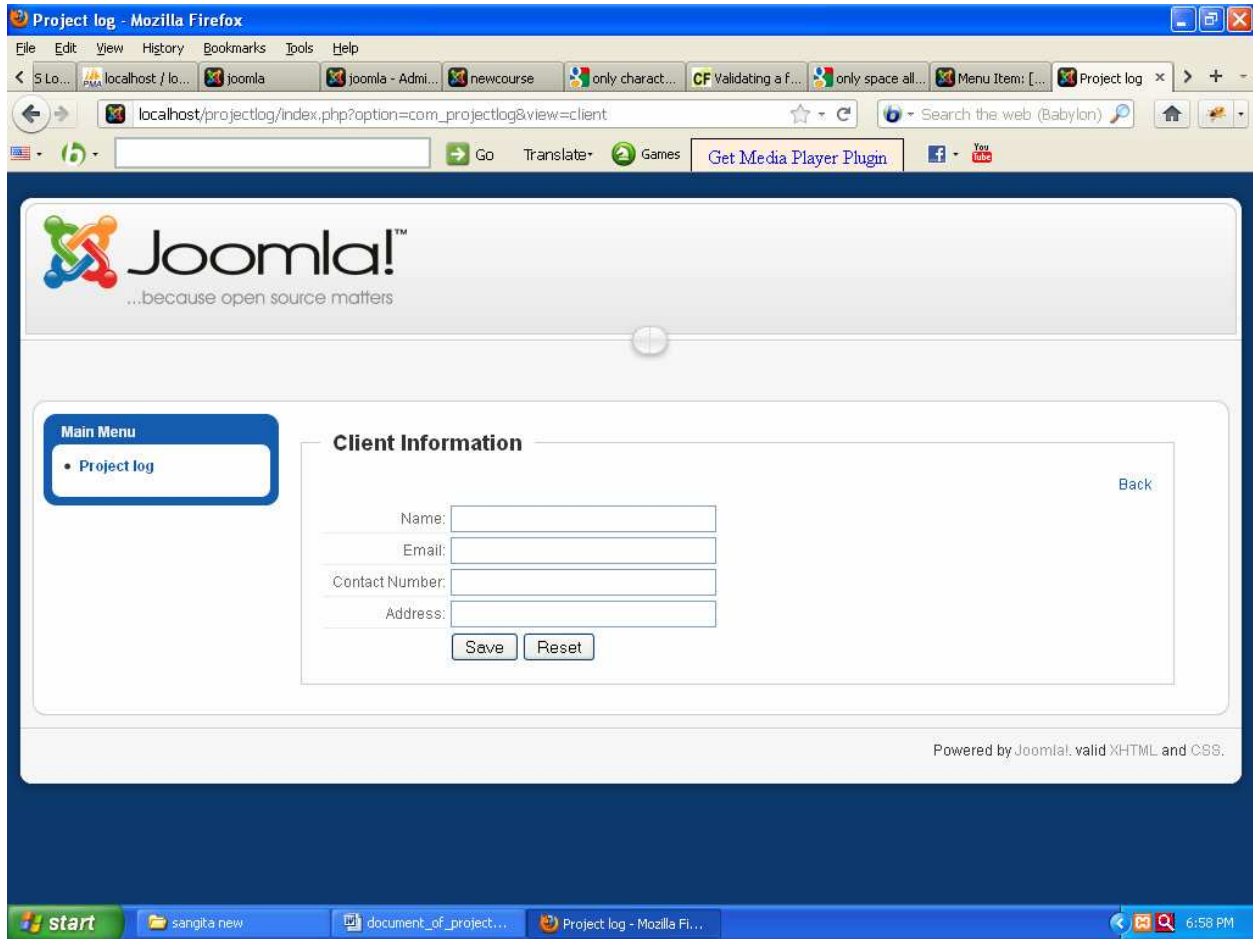

When other registered user login he can see following tabs.

Note: Add project ,Add client, Assign user, create task these tabs displays ,only when these facilities are assigned to that user from backend.

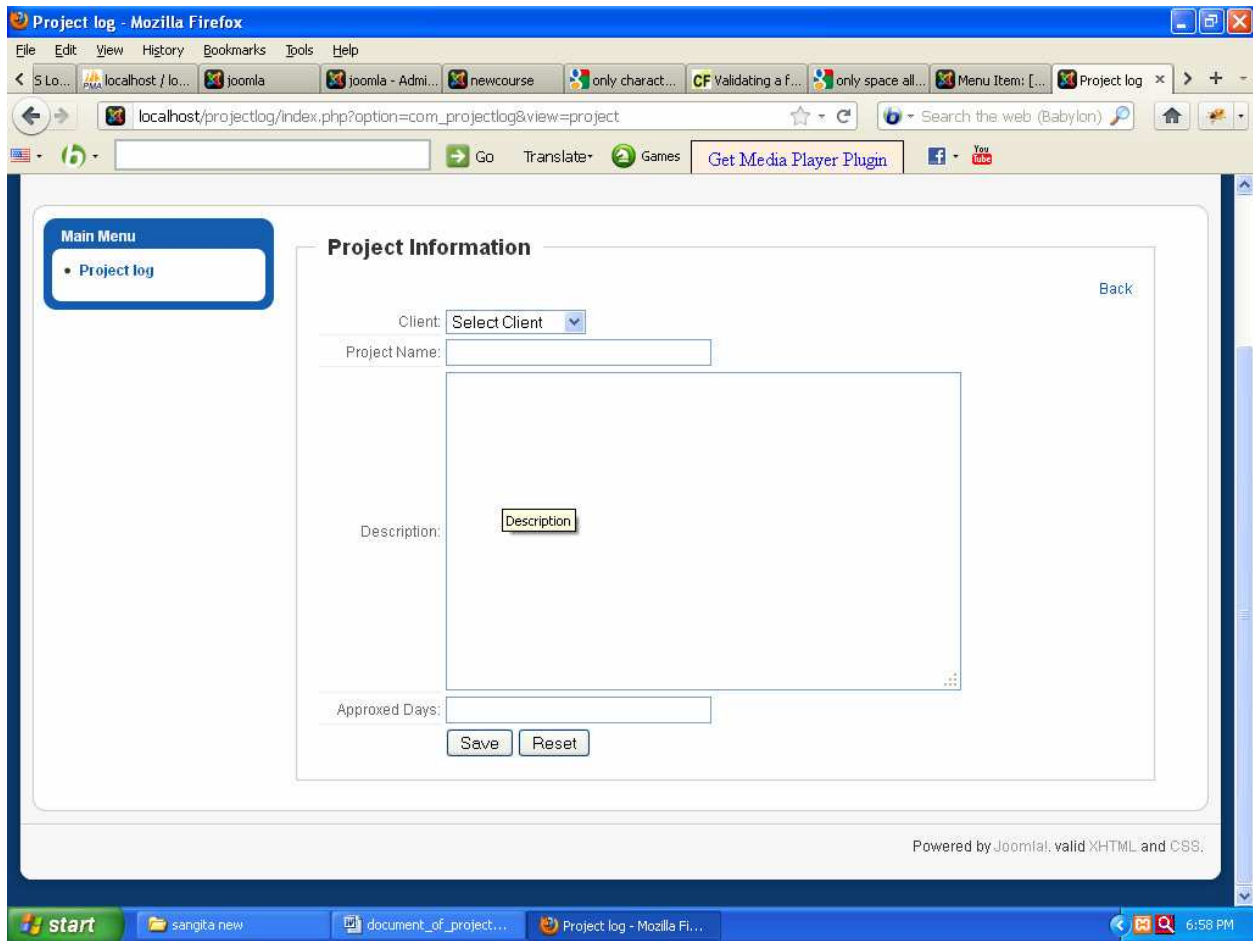

[At Add Client tab :](#)

You can add client from front end

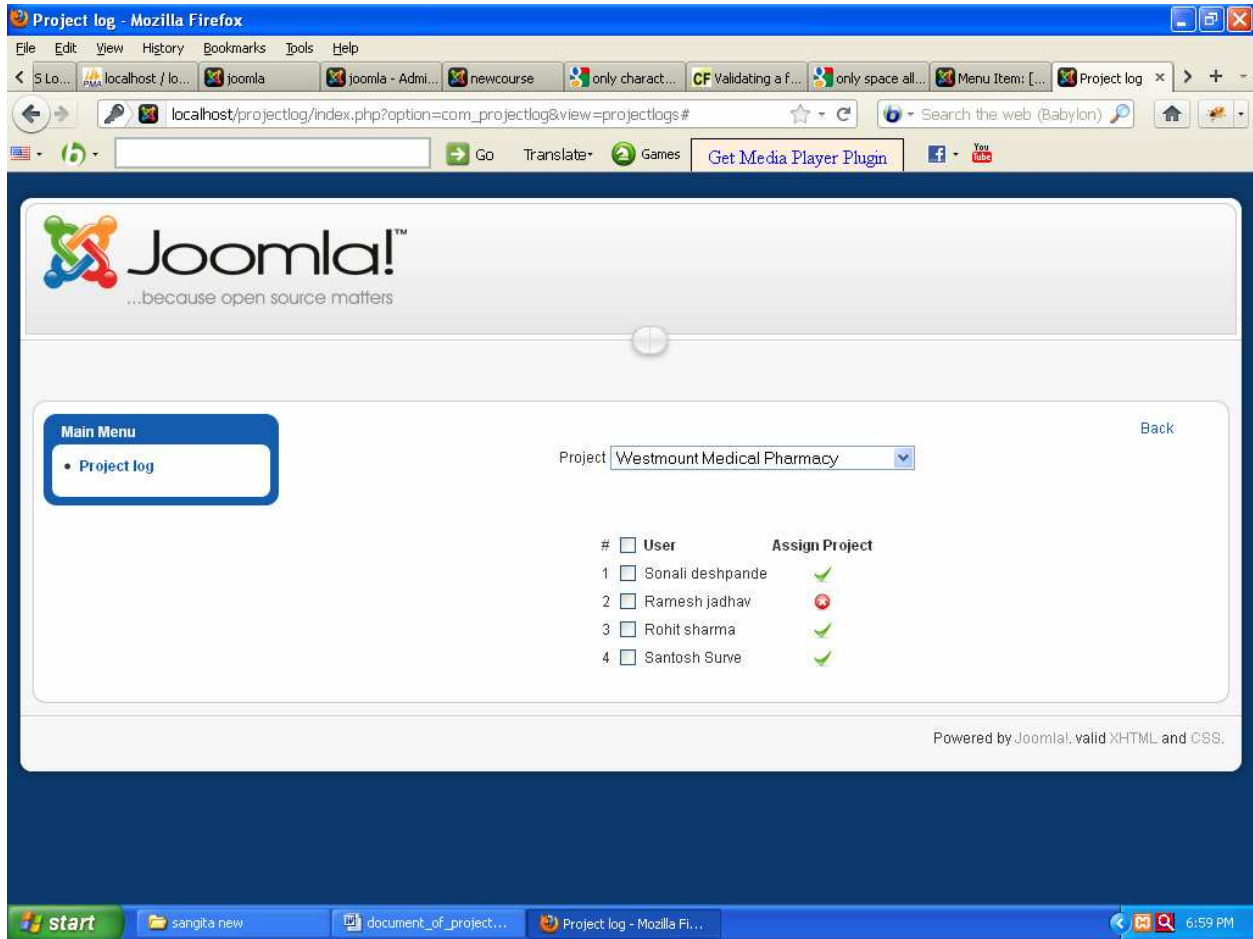

[At Add project tab :](#)

You can add project from front end.

[At Assign User tab :](#)

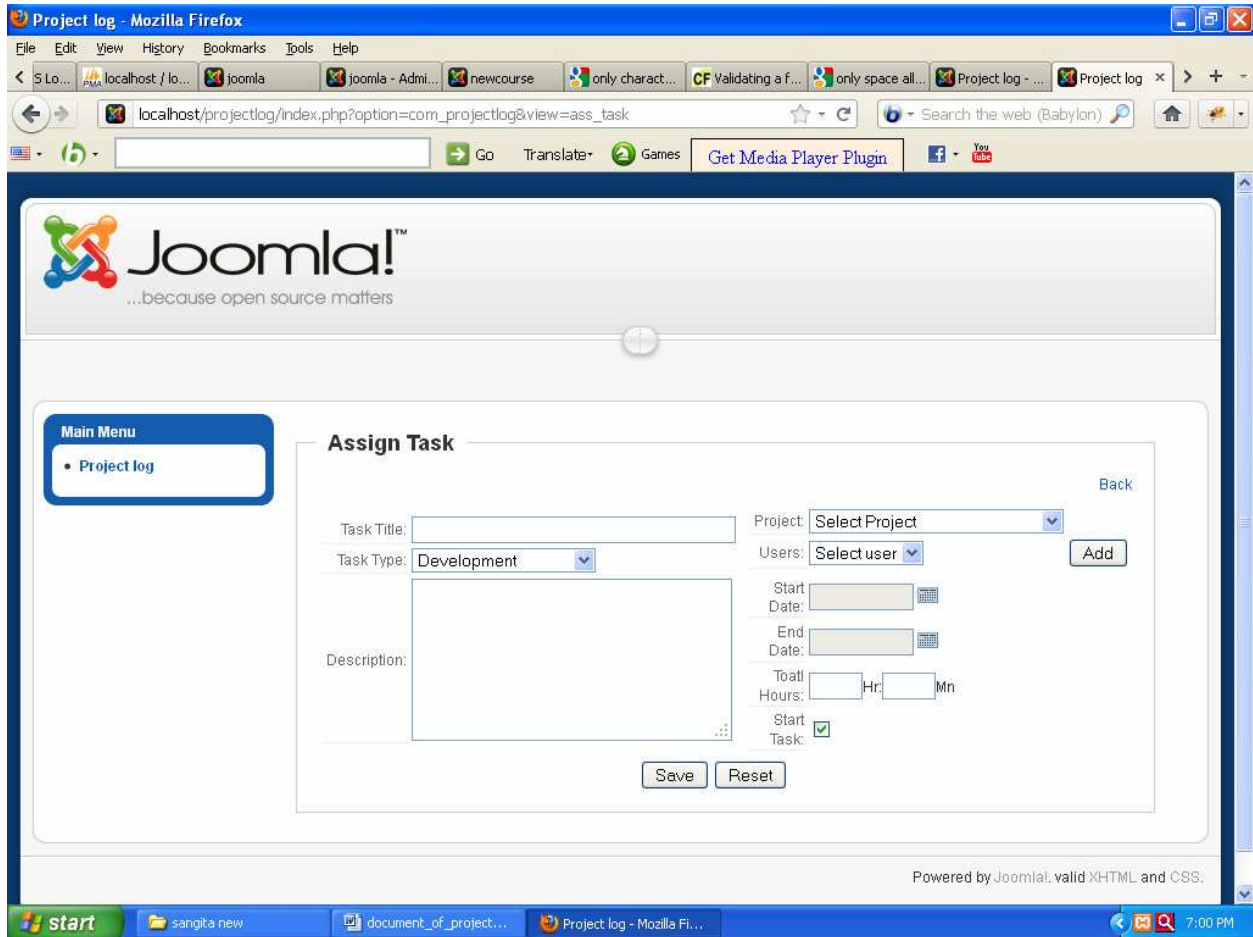

You can assign project to any user.

[At create task tab :](#)

You can create task and Assign it to any user.

Also you can start or clost task from here also.

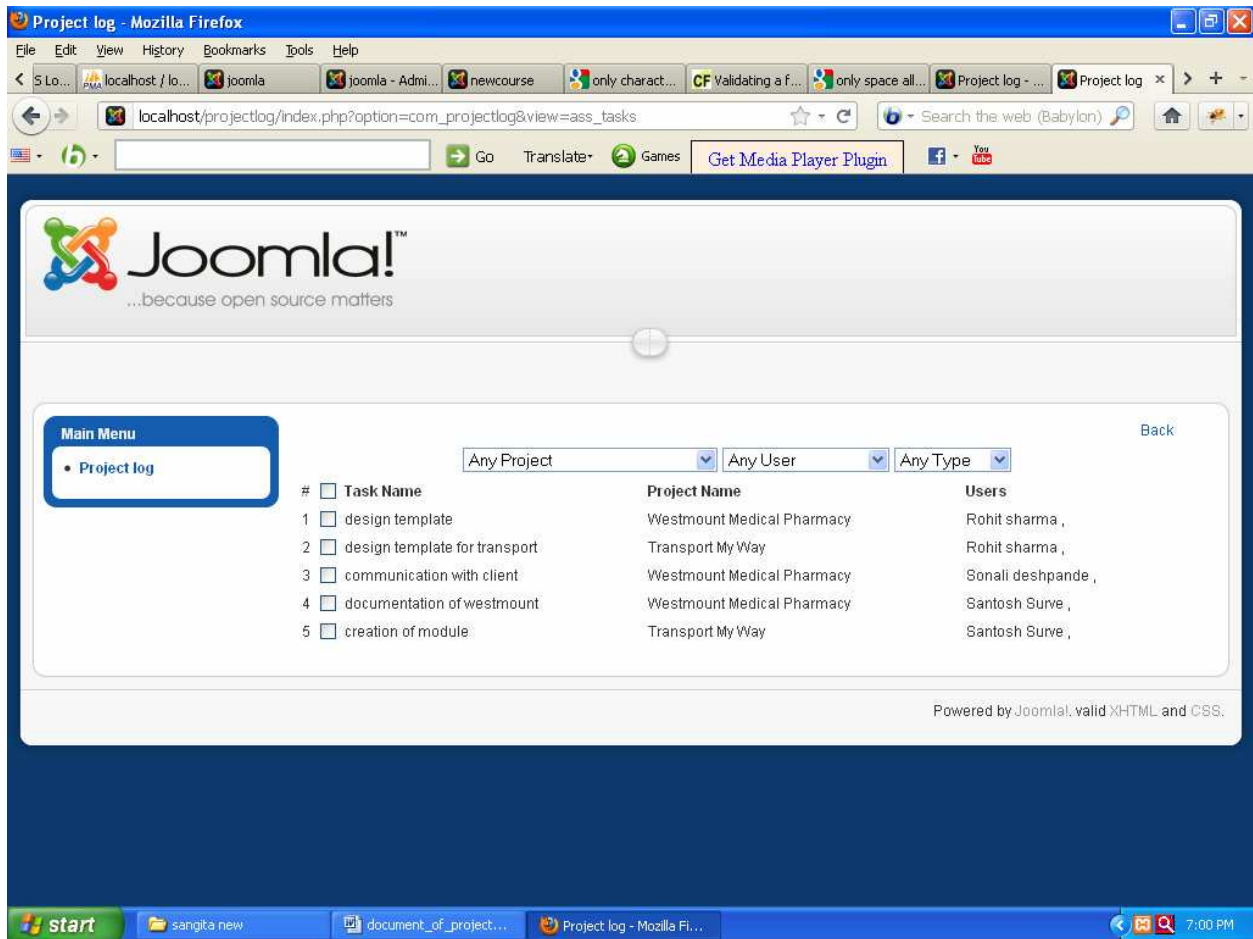

[At All Task tab :](#)

You can see all tasks.

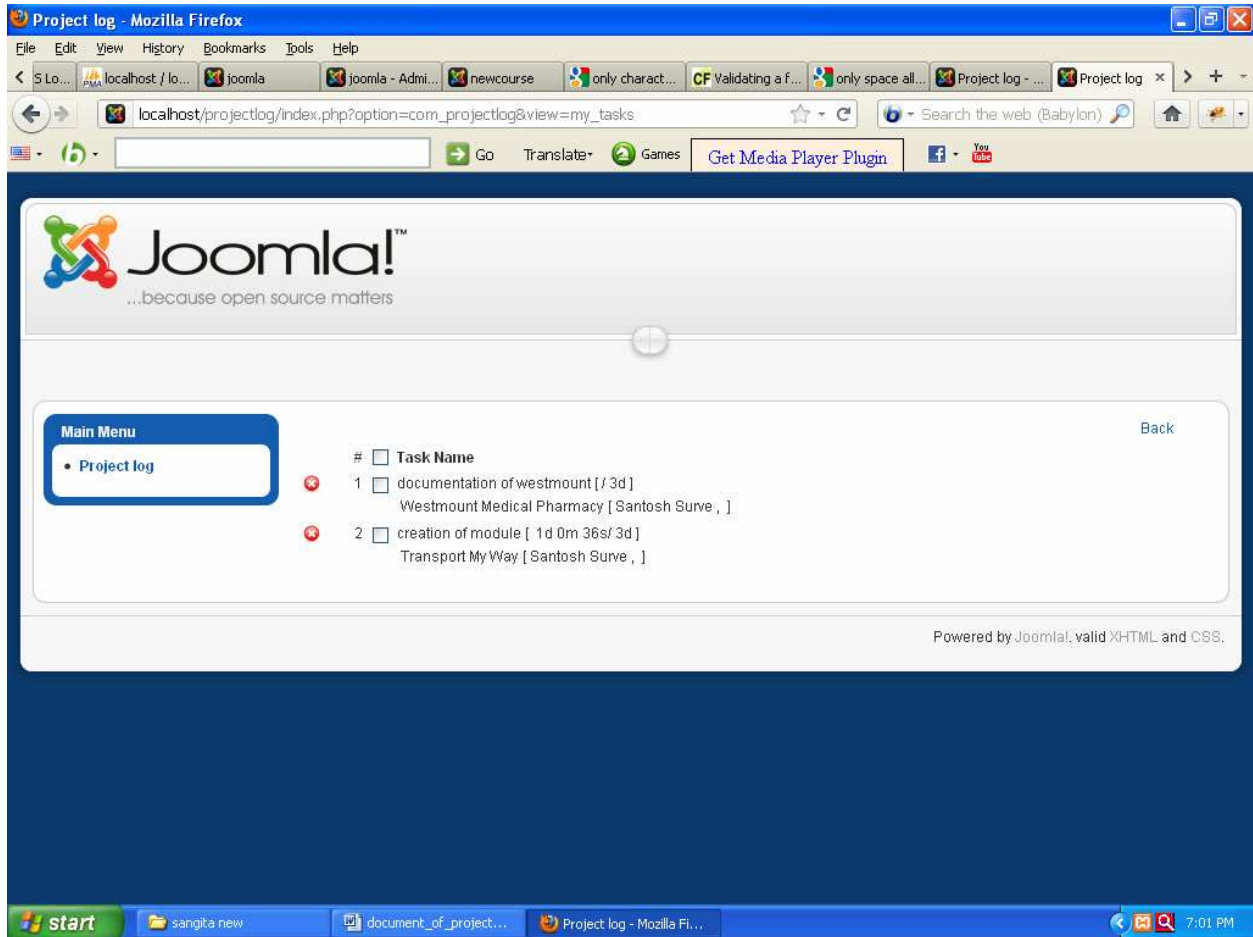

Also you can search task by project name , user name ,task type.

Also you can close task by checking checkbox.

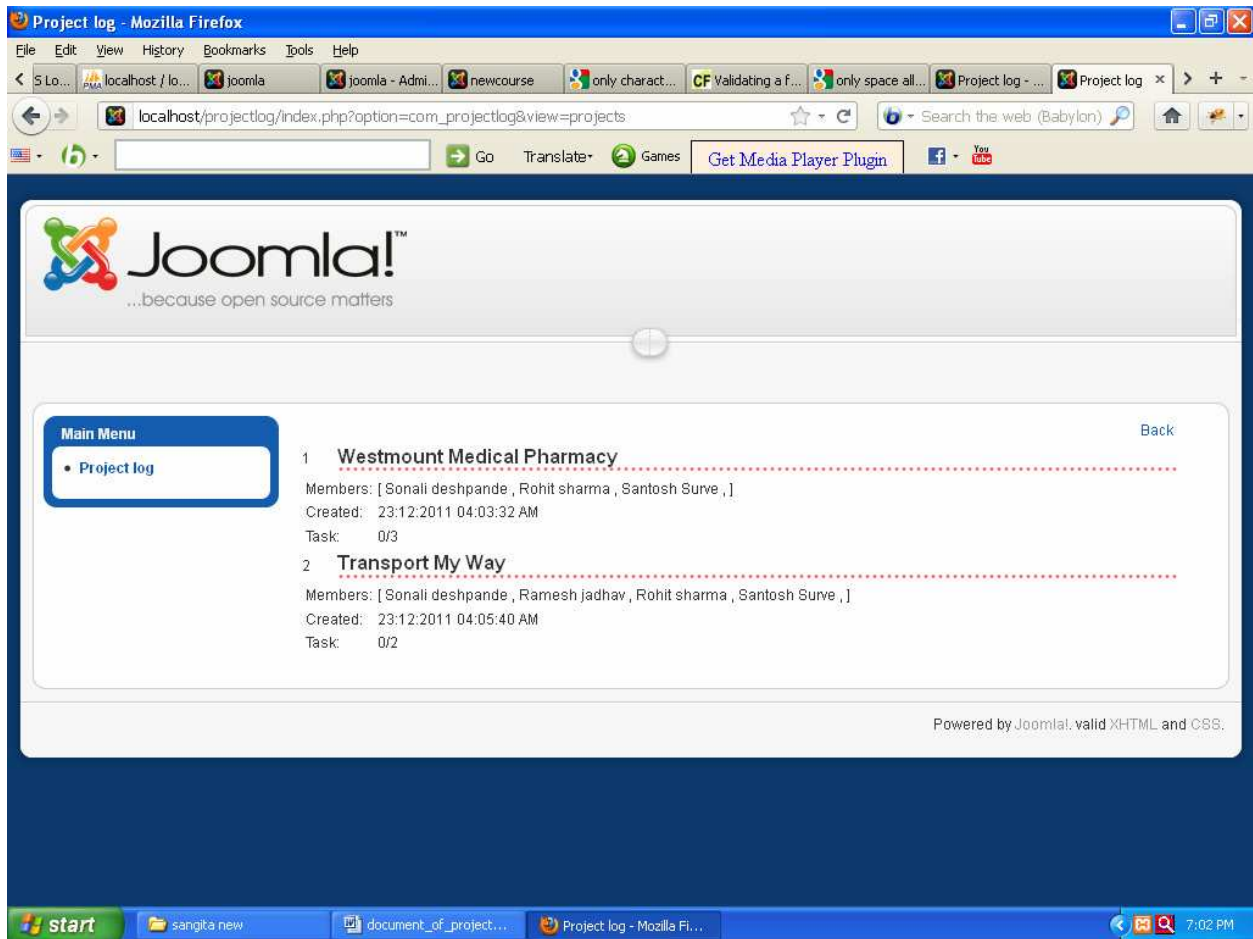

[At MyTask tab :](#)

You can see your own all tasks.

[At Projects tab :](#)

You can see all projects information

[At Logs tab :](#)

You can see all logs information

The screenshot shows a Mozilla Firefox browser window displaying the Joomla! Project Log interface. The browser's address bar shows the URL: `localhost/projectlog/index.php?option=com_projectlog&view=my_logs`. The Joomla! logo is at the top left, with the tagline "...because open source matters".

The main content area features a "Main Menu" on the left with a "Project log" link. The log entries are as follows:

Time	User	Action
1d 2m 20s 1	Any User	design template [Rohit sharma]
1d 0m 37s 2	Any User	design template [Rohit sharma]
1d 0m 36s 3	Any User	creation of module [Santosh Surve]

At the bottom of the log area, there is a "Display #:" dropdown menu set to "20". A "Back" link is located in the top right corner of the log area. The footer of the page states "Powered by Joomla!, valid XHTML and CSS."

The Windows taskbar at the bottom shows the start button, a folder named "sangita new", and several open applications including "document_of_project..." and "Project log - Mozilla Firefox". The system clock shows the time as 7:02 PM.

While closing you task you can add note about your task .
